The PensUnit Pension Fund Regulations provide for the following Order of Beneficiaries:

16.11 If an insured person dies before reaching retirement age, the available pension capital (incl. any possible pension assets from the “early retirement” special fund) together with any insured supplementary lump-sum on death - if provision has been made in the pension plan - will be paid out.

In this context, independently of inheritance law, the following order of beneficiaries applies:

- a) the surviving spouse or registered life partner;
- b) the eligible children in accordance with Art. 16.9 and 16.10;
- c) the surviving, non-registered life partner (including same sex partner), whereby compliance with the conditions under Art. 16.8 b) to d) must be fulfilled;
- d) persons who have provided considerable support to the insured person;
- e) the remaining children;
- f) the parents;
- g) the siblings;
- h) the remaining legal heirs, to the exclusion of the state.

Subject to Art. 16.14 to 16.16, the group of persons above excludes the following from the right to benefit. Persons falling under c) and d) shall only be entitled to claim if they were reported in writing to the Foundation when the insured person was still alive. Within a group of persons the benefit due is shared on a per capita basis.

The entitlement in accordance with f) to h) covers a maximum of the respectively available pension capital as well as any available pension assets from the special fund. The remaining groups of persons are entitled to the full, insured benefit.

16.12 If an insured person, gainfully employed in accordance with Art. 3.13 dies after reaching retirement age, the available pension capital will be paid out.

In this context, the order of beneficiaries in accordance with Art. 16.11 Applies, independently of inheritance law

16.13 By submitting a written declaration to the Foundation, insured persons can provide for a distribution of benefits - within a group of persons in accordance with Art. 16.11 – that differs from the distribution on the basis of the number of persons.

16.14 Insured persons can submit a written application to the Foundation requesting that the eligible children should have priority in the order of beneficiaries above the surviving spouse or registered partner. In reaching its decision, the Foundation Board will be bound by the purpose of the Foundation as set out in the Foundation Deed. The requested order of beneficiaries comes into force when approved by the Foundation, retrospectively to the date of the application.

If there are no persons who fall under c) and d), alongside the persons falling under a) and b) benefits may also be paid to persons falling under e). The distribution is made on the basis of the number of persons.
- 16.16 By submitting a written application to the Foundation, insured persons can change the order of beneficiaries in accordance with Art. 16.11, e) to g).
